

# RESIDENTIAL & TAIL GATING ALUMINUM FLAG POLES (T)

## TELESCOPING

The Sunsetter telescoping flagpole has added a dimension to aluminum poles. These rugged poles are made with 16 gauge aluminum and come complete with a 3" gold anodized ball and detailed instructions.

Poles are available in either a Aluminum Anodized, White Backed Enamel, or Bronzed Anodized finish. Each pole telescope down to 87" for 16' pole and 90" for 20' pole to allow for easy storage or transportation.

You can now take your pole to tailgate parties with the addition of our universal tire mount or use our vertical wall mount (mounting hardware not included) to display your pole from the office roof. (additional shipping charges of \$5.00 per pole needed)

## PATIO

This lightweight, modular flagpole is a popular, inexpensive choice for the home or apartment complexes. Each section is manufactured from 6063T6 seamless aluminum tubing to provide a long lasting, rust-free beautiful appearance. The swaged top of each section fits into the bottom of the section above it to provide a strong, water repellent joint and an attractive, straight assembly. The shipping container can be used to store your flagpole when not in use. Standard fittings include a gold anodized, spun aluminum ball; a cast aluminum stationary single sheave truck; braided nylon halyard, nylon snaphooks; cast aluminum cleat and ground setting tube. **Optional flash collar at \$15.00 each.** (additional shipping charges of \$5.00 per pole needed)
